

TIME IS EXTENDED FOR CAR REFORMS

District Commission Suspends Orders for Another Month.

BALTIMORE CARS TRY NEW PILOTS

Trailers Will Go Till First of April Without Separate Conductors.

The District Electric Railway Commission announced this morning that the order directing the local roads to install conductors on all trailers has been temporarily suspended, and will not go into effect until April 1.

The commission has instructed all the street railroads to file by March 15 a statement of what they intend to do toward complying with the provisions of the order.

The regulations regarding conductors on trailers were promulgated several weeks ago by the commission, and were to have gone into effect today. They provide that conductors shall be furnished for each coach of any street railway train.

The companies protested the ruling, but the commission overruled the protest. The postponement was agreed upon to give the companies more time to comply.

The Washington, Baltimore, and Annapolis Railway has been granted until April 1 to comply with the ruling of the commission to equip cars with pilots not more than five inches above the track. The company had been instructed to equip all its cars running into the city with pilots of this character by March 1.

Tests of pilots built five inches above the track were made here and in Baltimore, and the company found that on some of the steep grades in the latter city the pilot placed as directed would not clear the track.

These facts were presented to the commission and the ruling was temporarily suspended in order that the company might continue its experiments and find a device to equip their trains which will comply with all the terms of the law.

ENACT WHITE SLAVE LAW.

GUTHRIE, Okla., March 1.—The Senate has passed the House "white slave" bill, which provides a penalty of twenty years' imprisonment for any person engaging in the white slave traffic.

On Last Tour

MADAME SEMBRICH.

BILL FOR BEACONS AT BARREN ISLAND

A bill has been introduced in the House by Representative Covington of Maryland providing for the location of two beacon lights at the entrance of the channel to Barren Island in Maryland as aids to navigation in these Chesapeake Bay waters.

Under the bill \$10,000 are appropriated, and the Secretary of Commerce and Labor is directed to station the lights at the mouth of this channel at the earliest practicable moment.

DIVA'S LAST TOUR; GLORY AT HEIGHT

Sembrich's Concert One of Most Notable of Season's Musical Events.

Madame Sembrich's concert on Thursday afternoon at the New National Theater is one of the most important musical events of the season since it affords the last opportunity of hearing the famous prima donna prior to her retirement to private life.

In the full splendor of a voice which is considered one of the most remarkable of the present generation, Madame Sembrich prefers to retire with her glory at its height rather than go through the ordeal of witnessing her own decline.

With Madame Sembrich on her transatlantic tour will be Frank La Forge, pianist, and Francis Rogers, baritone, both artists of high standing.

Madame Sembrich will be heard in a group of songs by Schumann, Schubert, Bizet, Foote, La Forge, and Rogers. Her first number will be "Ernani Involonté," from Verdi's "Ernani."

Mr. Rogers, who will sing Cowen's border ballad and Schubert's "The Wanderer," will have two duets (from "Don Giovanni" and "Magic Flute"), with Madame Sembrich.

Mr. La Forge's numbers will include Chopin's nocturne in F sharp major and a study in octaves by Bothe.

WOMEN'S CLOTHES FEATURE OF SALE

Fashions for Spring Will Be Displayed From Special Stock.

According to an announcement today the entire stock of goods recently purchased by S. Kann, Sons & Co. from T. Edward Kibbey, of 1321 F street northwest, will be placed on sale shortly.

Mr. Kibbey, who is retiring from business, was for eighteen years a buyer for the second leading house in women's outfitting in Washington. The purchase includes not only the stock on hand but merchandise which had also been ordered from the factory and then canceled. There is no antiquated goods in the stock, since Mr. Kibbey has only been in business for two years.

In the purchase are included suits, costumes, new styles of waists, petticoats, neckwear, and other dress accessories. Announcement of the details of the sale will be made within a few days.

The major part of the goods will be of the spring of 1910 fashions, and the opening of the spring season will make the sale timely.

PLAN TRAIN WRECK TO ROB THE VICTIMS

Five Boys Make Bold Attempt on Millionaires' Cars.

GREENWICH, Conn., March 1.—Stating that they hoped to get a few dollars from the dead and wounded, five Greenwich boys have confessed to attempting to wreck the "Millionaires Club" train over the New York, New Haven and Hartford. The boys are George Lenko, Stephen Yoski, Edward Gydooski, Andrew Milken, and Matthew Gydooski. None are more than nineteen years old.

But for the quickness of a railroad employee, who saw them try to throw the switch, the train would have been wrecked. The attempt was made Saturday at the base of a thirty-foot embankment. The employee prevented the plans from being carried out by resetting the switch.

Following their confession, Matthew Gydooski was bound over to the Superior Court; Yoski was sent to the Reform School. The others were paroled.

COL. JAMES GUFFEY MADE DEFENDANT

National Committeeman Is Sued in Connection With Coal Land Deal.

PHILADELPHIA, March 1.—J. M. Myers, formerly of London, has entered suit for \$238,000 against Col. James M. Guffey, Democratic national committeeman from this State, on alleged breach of contract.

Myers alleges that Guffey, by his attorney, John M. Garman, entered into an agreement by which a company was to be incorporated for the control of certain coal lands in West Virginia and Myers and his associates were to be given the exclusive rights to buy the bonds of the company.

It is alleged further that Colonel Guffey represented himself to be the owner of 155,000 acres of coal land in West Virginia against which there was no incumbrance, whereas it is claimed that bonds amounting to \$50,000 encumbered the land, and that Guffey pledged part or all of his stock in the said premises with banking institutions for a loan of upwards of \$1,000,000.

\$11 and \$17

What a joy it will be later—to know you are possessed of a Silk Dress that you or others cannot duplicate at \$15 or more. Note the Rajah Silk Dresses—come while all the best colors are here. And these Foulard Silk Dresses, pretty effects in Stripes. Those with lace yoke and cuffs are lovely; the skirts have both Spanish flounce and tunic effect. Such gowns, at \$11 will prove bargains talked of and asked for long after all are sold.

And think of \$17 invested now—doing the duty of \$25.00. One of these cloth suits is illustrated—just to give you an idea of the perfect lines. The greatest and best surprise will come when you learn of the number of styles to select from, the quality of cloth used, the superiority of finish from collar to skirt hem. \$17.00—a fashionable tailor would charge you as much for making alone. Remember that some of them are imported models.

The Hat, as Illustrated

The price according to the Willow Plumes used. Note the special sale prices—any \$8 plume for \$6.98; any \$12 plume for \$10; any \$18 plume for \$16. Use flowers and the prices will be \$2c instead of 75c, or 44c instead of 50c. The bare hat to be \$2.98, instead of \$3.50 or \$1.98 instead of \$2.50.
